Chair: Elizabeth Marsden
Co-chair: Elizabeth Stultz
Secretary: Michael Gibbs

December 13, 2007

Precursors:

SAB: We had a meeting yesterday evening. Lady from teen portal (arlingtonteens.com) talked about the huge number of opportunities there. They pay good money for articles and photographs, and have lots of good information. They also sponsor events like laser tag. They also have a medical crisis center. Some skills don't have good recycling bins. Going to put security cameras at "hot-spots" outside school buildings to deal with vandalism.

Staff: A number of TA's, mainly of seniors but also of those with high numbers of older kids, met. Talked about a number of issues with the common app.

Announcements:

1. CAS Opportunity (Jrs and Srs)-Randy with David Burkman: He is doing a film, and it is in the context of Community as School. This is an internship for which a student could get drama or English credit. For this, a student could get a quarter credit for a quarter's worth of work. This work would take place at night, on weekends, and the movie will likely be R rated. Only juniors or seniors can work on it. David will give a snapshot of the film on Tuesday during TA time in Randy's room. If you're interested, you should come. The film is called *Haze*, and is about fraternity hazing. The film is about two brothers, one waging an anti-hazing campaign. The other joins a fraternity, and it pits brother against brother. *Now we see a short trailer*. Students can do everything and anything with this film, pre-production, production, and post-production. Doing the filming in May.
2. New Books-Theresa: We just got eight boxes of new books. They are spreading, slowly yet inexorably, around the library.

Motions:

1. CBL Dance-Daisy D, Emily A, Samya A: Created a group—CBL, or College Bound Latinos—and got $1000 to found and $5000 scholarship. Want to do an out-of-state trip, but not sure where yet. Want to host a dance to raise the funds from the trip. Will be open to a certain number of students from each school. The problem with this lies in the openness of the dance. Frank will meet with High School principals on Tuesday to get a pre-approved list of students from other schools who can come to this dance. Right now, really has to be same rules as any dance-one guest per H-B students. Will try to make sure that other schools' students who don't have friends have a signed piece of paper from principal. Date is January 25th. Have enough chaperones. Are SAT's on Saturday. Some people will decide not to show up at dance. Motion restated. Motion passes.
2. Senior stuff-Allison W: Two motions. First is to have senior auction on January 15th because seniors need money. This would be during TA time. Will have enough seniors. Will talk with gym people and custodians to make sure gym is fine. Motion passes unanimously. Will have a thing this Saturday from 6 to 10 pm. Parents can drop off kids and then go out shopping or something else. Will charge $25 per kid. Each kid will be watched over and have arts, crafts, games, etc. Seniors discussed this and know about it, but this is the first chance most of the faculty will have had to know about it. Can't move it back—that runs into winter vacation. Seven to nine seniors will be available. This has been done before. A weeknight next week might be better—gives everyone more time. The age limit is potty trained and up. Have basketball in gym until pretty late. Would have cafeteria, at least. Baby-sitting license could be a problem. Can get that from Red Cross. Should have some people with certification. Motion passes unanimously.

Discussions:

1.

Meeting adjourned at 10:08.
