- Action Team Rain Date for Walk-a-Thon. October 15<sup>th</sup> during TA is the new rain date. Motion PASSED

#### Discussions

- CRF form. Do parents need to sign off on CRF forms? Can we do away the parent signature line on a CRF form? It seems unnecessary to have a parental input into a decision that really should be between students and teachers. Parents do have a place in the deciding a student's schedule — we shouldn't neglect their role in this process. It's a good idea to look into whether county policy dictates that we have to notify parents about student schedules before we vote on this. Discussion turned Motion is TABLED by presenter (Will Hubbert)
- Quorum Discussion. Does HBW TM need a Quorum? It seems rather silly/counterproductive. Today we didn't actually have Quorum. However, Constitution changes are a serious business, and it behooves us to have a good reason for changing our Constitution before we go through with it.
