- H2O for Life 5K results: \$13,000 for Escuela Pescaderia in the Dominican Republic and more than 450 runners – THANK YOU H-B WOODLAWN!

Motions

-

- Parent Signatures on CRF and add/drop forms. Will Hubbert. After talking to the administration about the motion, the following system makes the most sense. If passed, this motion would change the language on course add/drop forms and course request forms to stipulate parental notification rather than parental consent. The language would read as follows: "I understand my student's intent to take the above classes." (CRF forms) "I understand my student's intent to add/drop the above classes." (Course Add/Drop forms) In addition, this motion would add a line for a student signature on the course request forms. These changes will be implemented immediately in the case of the Course Add/Drop forms and in time for the upcoming round of Course Request in the case of the Course Request Form. Motion PASSED

Discussions

- None

Chair: Finlay McCracken

Co-Chair: Zoe Boyd

Secretary: Will Hubbert
